REPORT OF LIBRARIAN

A good many books were added to the library during the year of 1928.

Six non-fiction books were given by friends which were appreciated, due to the fact they were a great help to the school children for the reference work. By my record it shows the library is growing fast.

In order to have room for books we had to give up floor space, which meant a great deal as our room is small, for a large rack to hold them.

REPORT OF FIREWARDS

There have been during the past year from February 1st, 1928, to February 1st, 1929, two general alarms and thirty-five still alarms. The general alarms were as follows:

May 10th, mail car on B. & M. train at Farrars Bridge. The train was stopped there and crew telephoned for help from Farrar Bros.' office. The fire truck made a quick run and the fire was extinguished with practically no loss. Cause unknown.

Dec. 20th, house belonging to Thomas Merriam, located on Dort Street. Total loss. Cause unknown. The department answered this alarm quickly, but the fire had made such headway before the alarm was sounded that it was impossible to save the building. No damage was done to surrounding property.

There were thirty-five still alarms for chimney fires which we regret to report are eight more than for last year.

All equipment is in excellent condition.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Troy School Board:

I herewith submit to you my eleventh annual report as Superintendent of Schools, this being the twenty-eight under union supervision.

Several changes in the teaching force took place at the close of the last school year. Miss Romano, who had rendered very efficient service for four years in the junior high school, accepted a position in Connecticut. Miss Woodbury, who had been a most successful teacher in the primary school for five years, accepted a school in New York. Miss Hawkins, who had been very successful in her service of two years in the primary school in grade five, went to a school in Massachusetts, and Miss Elizabeth Baker, who had also done excellent work in the primary school, one year in grade four, and one year in grade two, accepted a position in Connecticut.

Miss Boyle had resigned her position in grade three during February, and Mrs. Glenday, a former teacher in this school had been employed as substitute during the remainder of the school year.

We were thus confronted with the problem of filling one position in the junior high school, and grades two, three, five and six in the primary school.

For assistant in the high school we secured Miss Helen M. MacGowan, a graduate of the three year course at Keene. For the sixth grade Miss Marion E. White, a Keene graduate of the two year course was elected. For grade five Miss Martha P. Runnells, a graduate of Keene, with two years of experience in the Rindge schools, was chosen. For grade three, Miss Louise N. Barnum, a graduate of Keene, who had four years of previous teaching experience was secured, and for grade two, Miss Catherine Graves,

a Keene graduate, with one year of experience as teacher in the Croydon schools, was elected.

Miss Geneva Jean Howe, who had done most successful work as supervisor of music during the past two years, declined her appointment, as she had been elected supervisor of the city schools of Keene, and Miss Ruth E. Hutchinson, a graduate of the music supervisory course at Keene was secured in her place

The enrollment in the senior high school was thirty-seven, at the opening of the school year, the same number as last year, but the enrollment in the other grades shows a decrease, the total for all the schools being 307, where it was 336 last year. The smallest enrollment for any grade is 28 in the second, and the largest is 37. The average membership for the entire school year, 1927-28 was 311.79, and for the first twelve weeks of the present year it is 301.11.

The work of the high and junior high school, and of the several grades in the primary building is very satisfactory during the present year. Considering the fact that we had four new teachers out of seven in the primary building at the beginning of the present year I consider that these teachers adjusted themselves to their new positions with very little difficulty.

Up to Christmas time we had very little sickness in the schools, but since that time Troy, in common with other communities, has suffered considerably.

The school budget for the coming school year shows a slight reduction in the appropriation to be called for, due largely to the smaller amount required for transportation.

I wish to thank the school board, teachers, and all interested parents and citizens who have given our schools support and co-operation during the past year.

Very truly yours,

LEWIS S. RECORD,

Superintendent of Schools.

East Jaffrey, N. H. Feb. 1, 1929.

REPORT OF SCHOOL PHYSICIAN

In June a second child health conference was held at the town hall under the direction of the State Board of Health, division of Maternity and Child Hygiene, assisted by the local Parent Teachers' Ass'n., with Miss Charlotte Woodbury acting as general chairman. Dr. M. T. Stone and Dr. H. S. Platts examined 42 children of pre-school age. This work has a great educational value in bringing to the people the need of yearly physical examinations. The state board of health has informed us that it will provide free diphtheria immunization treatment to the pre-school child to the towns demanding it for its children.

DR. M. T. STONE.
